Subject: Essex County Sheriff's Department 2022 Prison Rape Elimination Act Annual Report

INTRODUCTION:

The Prison Rape Elimination Act (PREA) was signed into federal law in September 2003 following unanimous support from both parties in the United States Congress. The purpose of the law was to provide information, resources, recommendations, and funding to protect individuals from sexual abuse and sexual harassment in confinement facilities. PREA seeks to establish a "Zero Tolerance" policy regarding rape, sexually abusive behavior, and sexual harassment in federal, state, and local correctional systems. PREA also mandated the publication of standards to ensure compliance and to improve prevention, detection, and response strategies in addressing rape, sexually abusive behavior, and sexual harassment.

In August 2012, the United States Department of Justice (DOJ) issued the final PREA standards for: Prisons and Jails, Lockups, Community Confinement Facilities and Juvenile Facilities. These standards required DOJ audits of all facilities under the agency's operational control of the Commonwealth of Massachusetts' Executive Branch, to include private facilities operating on behalf of the Executive Branch to house inmates. The first 3-year audit cycle began in August 2013. Failure to comply with the standards would result in a loss of 5 percent of identified federal grant funding.

The Essex County Sheriff's Department (ECSD) facilities; Essex County Correctional Facility and Sheriff's Headquarters (ECCF), the Essex County Pre-Release and Re-Entry Center (ECPRC) and the Women in Transition Center (WIT) were accredited by the DOJ PREA audit in 2016. The ECSD maintained accreditation with a successful DOJ PREA audit in 2019.

On March 28-April 1 of 2022, a PREA audit was conducted at the Essex County Correctional Facility, the Essex County Pre-Release and Re-Entry Center, and the Women in Transition Center. All three facilities were reaccredited by the Department of Justice, with the auditor finding ECSD meeting 45 out of 45 PREA standards. No corrective action was found to be necessary. The ECSD remains committed to a Zero-Tolerance policy towards all forms of sexual harassment and sexually abusive behaviors and is dedicated to meeting the PREA standards set forth by the DOJ.

BACKGROUND:

The DOJ PREA standards require our agency to collect a defined set of data for every investigation into allegations of sexually abusive behaviors and sexual harassment. These standards further require the Essex County Sheriff's Department to aggregate and review that data to assess and improve our effectiveness as an agency at preventing, detecting, and responding to PREA allegations. Standards related to the collection of data include: § 115.87 Data Collection, § 115.88 Data Review for Corrective Action and § 115.89 Data Storage, Publication, and Destruction. For reference purposes, they are included within this report.

§ 115.87 Data Collection

- a. The agency shall collect accurate, uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions.
- b. The agency shall aggregate the incident-based sexual abuse data at least annually.
- c. The incident-based data collected shall include, at a minimum, the data necessary to answer all questions from the most recent version of the Survey of Sexual Violence conducted by the Department of Justice.
- d. The agency shall maintain, review, and collect data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews.
- e. The agency also shall obtain incident-based and aggregated data from every private facility with which it contracts for the confinement of its inmates.
- f. Upon request, the agency shall provide all such data from the previous calendar year to the Department of Justice no later than June 30.

§ 115.88 Data Review for Corrective Action

- a. The agency shall review data collected and aggregated pursuant to § 115.87 to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training, including by:
 1. Identifying problem areas.
 2. Taking corrective action on an ongoing basis; and,
 3. Preparing an annual report of its findings and corrective actions for each facility, as well as the agency as a whole.

- b. Such report shall include a comparison of the current year's data and corrective actions with those from prior years and shall provide an assessment of the agency's progress in addressing sexual abuse.
- c. The agency's report shall be approved by the agency head and made readily available to the public through its website or, if it does not have one, through other means.
- d. The agency may redact specific material from the reports when publication would present a clear and specific threat to the safety and security of a facility but must indicate the nature of the material redacted.

§ 115.89 Data Storage, Publication, and Destruction

- a. The agency shall ensure that data collected pursuant to § 115.87 are securely retained.
- b. The agency shall make all aggregated sexual abuse data, from facilities under its direct control and private facilities with which it contracts, readily available to the public at least annually through its website or, if it does not have one, through other means.
- c. Before making aggregated sexual abuse data publicly available, the agency shall remove all personal identifiers.
- d. The agency shall maintain sexual abuse data collected pursuant to § 115.87 for at least 10 years after the date of the initial collection unless Federal, State, or local law requires otherwise.

INVESTIGATIVE FINDINGS:

A complete review of all PREA allegations reported to the ECSD's Security Investigations (SI) Unit was conducted. This review encompassed allegations from all 3 ECSD facilities. There was a total of 35 allegations reported in 2022. 2 allegations were fully investigated and did not meet the criteria/definition of a PREA case.

A total of 14 allegations were reported to ECSD officials as having occurred at other agencies and outside of ECSD custody. In accordance with 115.63 of the DOJ PREA standards, those allegations were referred to their respective facilities.

The remaining 19 allegations were reported as having occurred at the ECSD. Of those 19, 2 were reported at other agencies as having occurred at the ECSD. The ECPRC had a total of 2 allegations reported. There were no allegations of incidents at the WIT during 2022.

Below is a summary and comparison of the 2022, 2021, and 2020 investigations.

TRENDS:

From 2020 to 2022, the Essex County Sheriff's Department (ECSD) investigated a total of 62 allegations. A total of 3 allegations were substantiated. This represents approximately 4.7% of substantiated incidents. From 2021 to 2022, the ECSD saw a roughly 40% decrease in allegations investigated.

ECSD continues to conduct orientation for civilian vendors, volunteers, interns, and contractors. During this orientation, we stress the importance of PREA, its history, methodology of reporting allegations, and responsibilities of staff in the response to allegations.

The inmate population receives timely orientation after initial intake where they are informed of their right to remain free from all forms of sexual harassment and assault while in ECSD custody. The inmate population receives numerous methods of reporting allegations of sexual harassment and assault (ECSD tip hotline, verbal or in writing to any staff member, District Attorney's Office through writing or hotline, National Sexual Assault Hotline, and Third-Party Reporting).

A concerted effort is continually put forth by staff when conducting Vulnerability and Predatory Risk Assessments to inform the inmate population as to the reason and need for the assessments. This genuine approach and the open dialogue it generates with our population create a strong avenue of communication. This allows for allegations to be reported without fear of retaliation or discrimination.

IDENTIFIED PROBLEM AREAS AND CORRECTIVE ACTIONS:

The DOJ PREA standards require an agency to identify any problem areas and develop plans of corrective action(s) to remedy them. There were no obvious problem areas which were not already being addressed through our efforts to achieve compliance with PREA standards and our demonstrated compliance with the PREA standards and our successful DOJ PREA audit in 2022. However, the ECSD continues to evaluate, and when necessary, improve its current policies, procedures, and practices to continue to meet and exceed the DOJ standards, to keep its inmates/residents safe and free from sexual harassment and abuse.

RESOLVED PROBLEM AREAS FROM 2021:

The ECSD continued to provide comprehensive PREA education and training to all staff, contractors, volunteers, vendors, and inmates on the ECSD's Zero Tolerance policy on all forms of sexual harassment and sexual assaults. Additionally, the ECSD continues to work with outside stakeholders collaboratively to ensure the Department meets and/or exceeds the PREA standards as set-forth by the DOJ.

2021 ASSESSMENT OF THE ECSD's PROGRESS IN ADDRESSING INMATE SEXUAL HARASSMENT and ABUSE:

The Essex County Sheriff's Department continues to be a grateful recipient of U.S. Department of Justice, Office of Justice Programs, and Bureau of Justice Assistance, 2020 Implementing the PREA Standards, Protecting Inmates, and Safeguarding Communities, Grant Award. The Department continues to work with WellPath, the Department's contracted medical provider, to provide timely

and more efficient mental health care to inmates/residents who have been impacted by sexual abuse/harassment. The Department has strategically utilized Federal Grant funds to purchase PREA mirrors, and new camera systems located at the WIT. Additionally, the ECSD continues to collaboratively work with the YWCA of Northeastern Massachusetts to support the existing Memorandum of Understanding between our two agencies. This partnership provides counseling services and victim advocates for victims of sexual abuse and harassment.

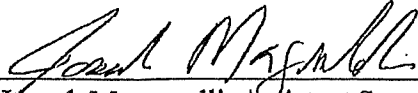

In 2022 the following staff members were added to the PREA Team:

- Caitlin Wilson, Health Services Administrator for Wellpath, ECSD's contracted Medical Provider
- Lt. Robert Raymond, WIT Facility Manager
- Lt. Courtney Cosgrove, Classifications Division

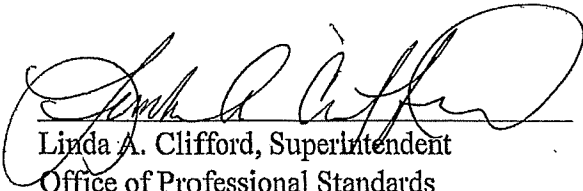

The ECSD is diligently working to improve in all areas of PREA implementation and continues to make great strides in the prevention, detection, and response to all allegations of sexually abusive behaviors and sexual harassment.

We are proud of our staff at all levels throughout the ECSD as we have consistently demonstrated our commitment to the Prison Rape Elimination Act by having all our facilities accredited through the DOJ PREA audit process. The unwavering commitment of all staff allows for safe facilities for both inmates and employees. This dedication to the PREA standards culminated in a successful DOJ PREA audit in March 2022.
